## SUMMARY

Completed an intensive and immersive web development bootcamp, acquiring comprehensive knowledge and hands-on experience in various programming languages, web development frameworks, and best practices. Collaborated on real-world projects, applying problem-solving skills and working effectively in team environments. Developed a strong foundation in front-end and back-end development, along with proficiency in technologies such as HTML, CSS, JavaScript, React, Node.js, and database management. Equipped with a solid understanding of software development principles and a passion for continuous learning and professional growth.

## Experience

Columbia university coding bootcamp

Over the course of Columbia University Fullstack Bootcamp, I embarked on an intensive and comprehensive journey to become a well rounded web developer with expertise in both front-end and back-end technologies. The program provided a structured and hands on learning environment, enabling me to gain practical experience in building complex web applications from scratch.

## SKILLS

Javascript,Html,CSS

## Technologies

React.js,Node.js,Express.js,  
MongoDB,Prisma,Sequelize,  
Git/Github

## PROJECTS
